

KOMATSU

D39EXi-24

Powerful, versatile, and yes, nimble. If you want a dozer that's equally at home performing heavy site prep and accurate fine work, this model is an excellent choice. Powered by a fuel efficient, environmentally friendly EPA Tier 4 Final certified engine, it offers your operators a quiet, comfortable cab that provides unrivaled blade visibility. It's engineered to get jobs done quickly and accurately with its outstanding blade response, fast work equipment speed, an additional "fast-blade mode" mode that boost blade speed for high-speed grading, and surprising maneuverability via full power to both tracks during turns or counter rotation steering.
